Besides playing their guitars, the performers will talk about the history and meaning of the music they play and include interesting demonstrations about how they play their guitars. They start with a classical repertoire that covers more than 400 years, and then they bring in contemporary works influenced by all different kinds of jazz, rock and folk.

*"This project was funded in part or in whole with money from the vote of the people of
Minnesota on November 4, 2008 which dedicated funding to
preserve Minnesota's arts and cultural heritage."*

*"It's not enough to just show up and sing a few songs.
I'm an entertainer at heart. My concert is more than the music.
I want it to be fun and hopefully a bit thought provoking, too.
It's also the conversation, the stories and the connection.
I am grateful to be given that opportunity."*

*Peace
Dennis*
